

Microsoft Dynamics 365 Business Central-Coupa Invoice and Payment Process Template

Introduction

Transform your business spend by connecting your ERP and procurement systems with reusable integrations that help eliminate manual data entry and costly delays.

Jitterbit's Dynamics 365 Business Central-Coupa Invoice & Payment Process Template is a packaged solution of pre-built integrations that connects data and processes between these applications right out of the box. Automate invoicing and streamline payments by synchronizing User, Supplier, Items, Invoice, and Payments between systems.

This template includes pre-built integrations that connect commonly used objects and fields between Dynamics Business Central and Coupa:

BUSINESS PROBLEMS SOLVED:

- Easily connect Coupa to your Dynamics 365 Business Central system
- Automate invoice and payment processes
- Break down data silos between ERP and procurement systems

PROCESS TEMPLATE PACKAGE:

- Two endpoints: Dynamics 365 Business Central, Coupa
- Five pre-built integrations
- Delivery services provided by Jitterbit to deploy the Process Template (optional)

VALUE TO CUSTOMERS:

1. Packaged solution speeds integration and reduces technical resource requirements
2. Reusable integrations accelerate time to value
3. Pre-built workflows automate data synchronization between common objects such as User, Supplier, Items, and Payments
4. Integrated invoice and payments processes eliminate manual data entry, data exports, and costly delays

BUSINESS BENEFITS:

- **Drive greater efficiencies** in invoice and payment with a pre-built template that reduces custom coding and speeds automatic connections to commonly used objects, fields, and processes
- **Transform operations** with a complete picture of your invoices and payments so you can make smarter decisions faster
- **Optimize your financial health** with quick, cost-effective integration that synchronizes data and processes between invoice and payment workflows

The API Lifecycle of an Employee

Invoice & Payments

Connecting critical business processes across your systems is a key driver to unlock growth opportunities. With Jitterbit's Microsoft Dynamics 365 Business Central-Coupa Invoice and Payment Process Template you can use pre-built integrations to automate your invoices and payments and obtain a more complete view of your business spend.

Jitterbit empowers businesses to optimize their connectivity and scalability through a single integration and workflow automation platform. Our mission is to turn complexity into simplicity so your entire organization can work faster and more efficiently.
