

Microsoft Dynamics 365 Business Central–Coupa Master Data Management Process Template

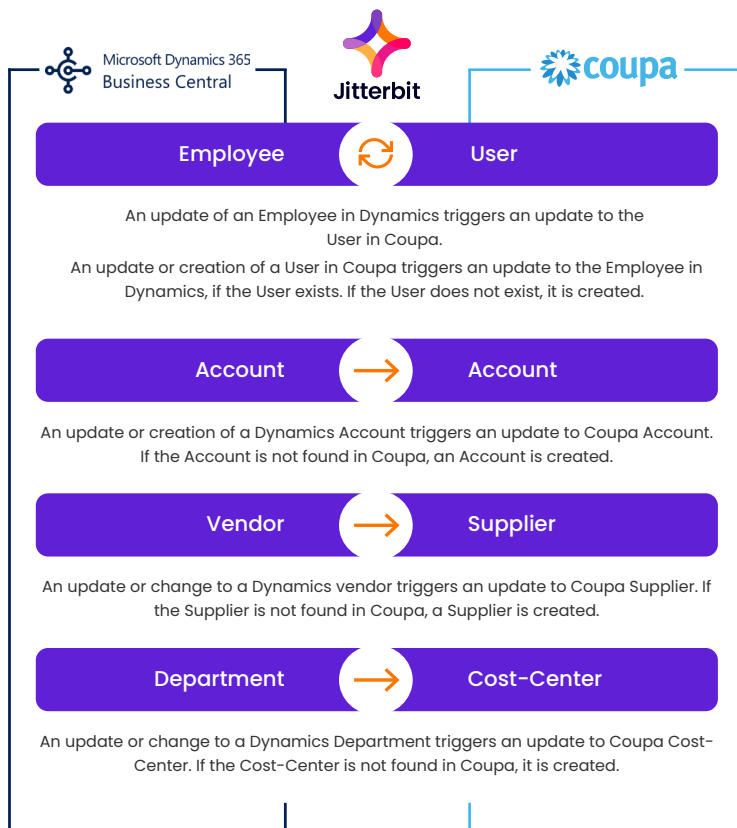

Introduction

Transform your business by connecting your ERP and procurement systems with reusable integrations that help eliminate manual data entry and costly delays.

Jitterbit's Dynamics 365 Business Central–Coupa Master Data Process Template is a packaged solution of pre-built integrations that connects data between these applications right out of the box. Integrate master data workflows by synchronizing Employee, User, Account, Vendor, Supplier, Cost Center, and Department between systems.

This template includes pre-built integrations that connect commonly used objects and fields between Dynamics and Coupa:

BUSINESS PROBLEMS SOLVED:

- Easily connect Coupa to your Dynamics 365 Business Central system
- Automate synchronization of master data
- Reduce data errors from manual entry

PROCESS TEMPLATE PACKAGE:

- Two endpoints: Dynamics 365 Business Central, Coupa
- Four pre-built integrations
- Delivery services provided by Jitterbit to deploy the Process Template (optional)

VALUE TO CUSTOMERS:

1. Packaged solution speeds integration and reduces technical resource requirements
2. Reusable integrations accelerate time to value
3. Pre-built workflows automate data synchronization between common objects such as User, Account, Supplier, Vendor, and Departments
4. Integrated master data eliminates manual data entry, data exports, and costly delays

BUSINESS BENEFITS:

- **Improve data quality** with pre-built integrations that help deliver a single version of the truth
- **Transform operations** with a complete, accurate picture of your master data so you can make smarter decisions faster
- **Meet rising customer expectations** with quick, cost-effective integration that synchronizes data between ERP and procurement systems

The API Lifecycle of an Employee

Master Data Management

Ensuring your master data is accurate and consistent across your systems is a key enabler of operational efficiency. With Jitterbit's Dynamics 365 Business Central-Coupa Master Data Process Template you can use pre-built integrations to eliminate data silos and create a single source of the truth for your data.

Jitterbit empowers businesses to optimize their connectivity and scalability through a single integration and workflow automation platform. Our mission is to turn complexity into simplicity so your entire organization can work faster and more efficiently.
